1 Selecting the Fabrics

Deciding which fabrics to use is part of the fun of a mystery quilt, but the process can be puzzling when you don't know how they'll be used. You can see the different palettes chosen in the 2 color options. Kits are available for each of the color palettes for your convenience. The most important thing to remember is there should be good contrast between the colors.

Join patches B-D as shown to make a section 2. Make 28 section 2's.
